**Product Description** **Citations**

The iconic pyramids and striking hieroglyphics of ancient Egypt are but a limited representation of the resplendent culture that once inhabited the Nile Valley. The ancient Egyptians developed sophisticated societies and belief systems, bestowing the world with plenitudes in the way of intellectual and cultural achievement. The vibrance of the ancient Egyptian life—from the dynasties to the masses—are captured in this volume, which also explores the political and social development of the region.

and inscriptions. Some private tombs were decorated with paintings. They put into the tomb the person's statue and any objects they thought would be needed when the soul returned to the body. The hot sand and dry air of Egypt preserved many of these objects through the centuries. Thousands of them are now in museums all over the world. Together with written documents, they show how people lived in ancient Egypt.

**CUSTOM MARC RECORDS**

If your Library Management Systems (LMS) requires the MARC 21-852 or MARC 21-949 records, there are two options:

1. You can append these records to each title through your LMS.
2. E-mail your Britannica representative or [contact@eb.com](mailto:contact@eb.com) for a form to fill out for processing and we will produce the custom records for you.
